dVam Cautious Active PCP | Class GBP R1 Accumulating Shares

ISIN: IE00BL1GKS19

A sub-fund of Pacific Capital UCITS Funds plc

The Investment Manager of the Fund is Pacific Capital Partners Limited (the "Investment Manager")

The Manager is KBA Consulting Management Limited ("the Manager")

The Sub-Investment Manager is GAM International Management Limited (the "Sub-Investment Manager")

Objectives and Investment Policy

Investment Objective: The Fund aims to achieve long term capital growth with lower volatility than a fund which invests solely in equities.

Investment Policy: The Fund is considered to be actively managed, which means that the Investment Manager is not constrained by any index or benchmark in the selection of investments. The Investment Manager has discretion in managing the investments of the Fund.

The Fund seeks to achieve this objective by investment primarily in open ended collective investment schemes which gain exposure to equities (e. g. shares), Fixed Income Securities (with no restriction on the minimum credit rating), property, commodities and currencies.

The Fund may gain exposure in the range of 20-60% of net assets to equities and long only funds; and will maintain a minimum exposure of 30% to Money Market Instruments, Cash and Funds which invest in Fixed Income Securities.

Macro considerations will be used in determining the allocation of investments in order to achieve the Fund's investment objective.

Shares in the Fund can be bought and sold daily (every Business Day of the Fund).

Any income arising from this Share Class will be accumulated.

The Fund may use a number of simple derivative instruments for investment purposes and/or efficient portfolio management purposes. Further information on the Fund's use of derivatives can be found under the Derivatives section within the Fund's Supplement. Although the use of derivatives may give rise to an additional exposure any such additional exposure will not exceed the Fund's Net Asset Value.

Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Risk and Reward Profile

Lower risk

Typically lower rewards

Higher risk

Typically higher rewards

Why is the Fund in this category? The lowest category does not mean 'risk free'. The Fund's risk category shown is based on historical data and is not guaranteed. Furthermore, it may not be a reliable indication of the future risk profile of the Fund.

The Fund is categorised as a 4 because it is invested in financial markets and uses techniques and instruments which are subject to some level of variation which may result in gains and losses.

Additional risks that may have a significant effect on Fund performance includes:

- Credit Risk / Debt Securities - bonds may be subject to significant fluctuations in value. Bonds are subject to credit risk and interest rate risk.
- Credit Risk / Non-Investment Grade - non-investment grade securities, which will generally pay higher yields than more highlyrated securities, will be subject to greater market and credit risk, affecting the performance of the Fund. The risk category of the Fund is not fixed and may well change over time.
- Interest Rate Risk - a rise or fall in interest rates causes fluctuations in the value of fixed income securities, which may result in a decline or an increase in the value of such investments.
- Equity - investments in equities (directly or indirectly via derivatives) may be subject to significant fluctuations in value.
- Operational Risk / Third Parties - investments in other funds have direct and indirect dependence on other service providers. The Fund may suffer disruption or loss in the event of their failure.
- Liquidity Risk (Fund of Funds) - investments in other funds are subject to the liquidity of those underlying funds. If underlying funds suspend or defer payment of redemption proceeds, the Fund's ability to meet redemption requests may also be affected.
- Brexit Risk - The regulatory regime to which certain of the Investment Managers are subject to in the UK could be materially and adversely affected. The decision to leave the EU could also result in substantial volatility in foreign exchange markets and asustained period of uncertainty for the UK, the EU and the global markets in general.

The value of the Fund's investments and the shares in the Fund may rise as well as fall and an investor may not get back the amount s/he invests. Any investment in the Fund should not constitute a substantial proportion of an investment portfolio and may not be appropriate for all investors.

Investors in non-hedged share classes are subject to currency fluctuations more so than investors in hedged share classes. The costs associated with hedged share class transactions (including transaction costs relating to the instruments and contracts used to implement the hedge) will be attributed to the specific class and will be reflected in the Net Asset Value of that class.
